DIFFERENTIATION

300ft Bluetooth range

Bluetooth® connection of the GrillEye®, enables you to monitor temperatures from up to 300ft distance*, without annoying disconnections.

* measured in open field without obstacles

Dual temperature display

For each thermometer probe, the GrillEye® displays, simultaneously, the current as well as the target temperature, using 2 different LED indicators, so that you can see what's cooking, even without your mobile.

Pro-Grade

GrillEye® thermometer probes are made entirely of stainless steel and space grade aluminum, measuring from -58 °F up to 572 °F, with an accuracy of ±4 °F. GrillEye® probes can withstand temperatures of up to 716 °F.

6 probe ports

Grill to perfection without worrying about the number of guests. GrillEye® allows you to track, easily, the temperature of up to 6 different probes at the same time.

2 in 1 temperature probes

The GrillEye® includes 2 Pro-grade meat thermometer probes, made of space grade aluminum, and 2 clips for ambient temperature readings. GrillEye® probes are the 1st worldwide, to be **approved by the FDA** for safe use with food.

System Requirements

Bluetooth® Smart enabled device (Bluetooth® v.4.0). iPad Mini™, iPad® 3 and later, iPhone® 4S and later, iPod touch® 5th gen and later. Android™ phones equipped with Bluetooth® v.4.0, running 4.3 or later.
