### DIFFERENTIATION

#### 2 in 1 temperature probes

Each GrillEye® probe comes with its own stainless steel clip for ambient temperature readings, giving users all options they need when grilling.

#### Flame-proof grip

The aluminum used on the grip of GrillEye® meat probe can withstand direct exposure to fire for a limited amount of time thus making it the most durable temperature probe ever made.

#### Pro-Grade

GrillEye® thermometer probes are made entirely of stainless steel and space grade aluminum, measuring from **-58 °C up to 572 °F, with an accuracy of ±4 °F**. GrillEye® probes can withstand temperatures of up to 716 °F.

#### Safe for use with food

The GrillEye® is the only thermometer probe worldwide, approved by the FDA for safe use with food.

#### System Requirements

MADE FOR GrillEye® Smart Grilling and Smoking Thermometer

WORKS WITH iGrill® products
